The Patient and Family

Care Coordinator

Plan reference: HCP-2026-37923

Dear Patient and Family,

This Community Care Plan for **Rachel Clark** (MRN 737546) summarises the supports and services agreed for ongoing community-based care.

CARE PACKAGE DETAILS

Care Package	Home Care Package Level 2 (Low)
Provider	Sydney North Home Care
Care Coordinator	Jessica Murphy, RN

MEDICAL CONTEXT

Mrs Clark presents with sudden onset right-sided hearing loss noted on waking 3 days ago, with associated tinnitus. No vertigo. No history of trauma.

HOME ENVIRONMENT

Single-storey home, lives alone with support visits from family. Access via 3-step entry with handrail. Bathroom has rails and shower seat installed.

GOALS OF CARE

- Maintain ability to remain at home safely
- Optimise functional independence in ADLs
- Manage chronic conditions to prevent hospitalisation
- Maintain social connection and quality of life
- Ongoing review of care needs as condition evolves

SERVICES PROVIDED

Service	Frequency / Notes
Nursing care (wound, monitoring)	As required, max 2x/week
Meal preparation support	Daily, 30 minutes
Equipment provision (mobility aids)	Walking frame, shower stool, raised toilet seat
Medication management	Webster pack weekly + RN review fortnightly

Allied health (physiotherapy)	Fortnightly home visits
Social support / companionship	Weekly, 2 hours
Personal care assistance	3x weekly, 1 hour each
Domestic assistance (cleaning)	Fortnightly, 2 hours

SAFETY AND RISK MANAGEMENT

- Social isolation: weekly social support contact
- Medication compliance: Webster pack and weekly nurse review
- Skin integrity: pressure care for wheelchair use
- Nutrition: meal preparation assistance to ensure adequate intake

REVIEW SCHEDULE

- Care plan review at 3 months, then annually.
- Care coordinator visit fortnightly initially, monthly thereafter.
- GP review monthly.
- Update if hospitalisation or significant clinical change.
